INFORMATION CIRCULAR
as at April 27, 2016

This Information Circular is furnished in connection with the solicitation of proxies by the management of Nevada Copper Corp. (the “Corporation”) for use at the annual and special meeting (the “Meeting”) of its shareholders to be held on May 27, 2016 at the time and place and for the purposes set forth in the accompanying Notice of the Meeting.

In this Information Circular, references to: “the Corporation”, “we” and “our” refer to Nevada Copper Corp.; “Common Shares” means common shares in the capital of the Corporation; “Beneficial Shareholders” means shareholders who do not hold Common Shares in their own name; and “intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

MANAGEMENT SOLICITATION AND APPOINTMENT OF PROXIES

The persons named in the accompanying form of proxy are officers and/or directors of the Corporation. **A shareholder of the Corporation (a “Shareholder”) entitled to vote at the Meeting has the right to appoint a person (who need not be a Shareholder) to attend and act for and on behalf of the Shareholder at the Meeting other than the persons designated as proxyholders in the accompanying form of proxy. To exercise this right, the Shareholder must either:**

- (a) **on the accompanying form of proxy, strike out the printed names of the individuals specified as proxyholders and insert the name of the Shareholder’s nominee in the blank space provided; or**
- (b) **complete another proper form of proxy.**

To be valid, a form of proxy must be dated and signed by the Shareholder or by the Shareholder’s attorney authorized in writing. In the case of a corporation, the form of proxy must be signed by a duly authorized officer of or attorney for the corporation.

The completed form of proxy, together with the power of attorney or other authority, if any, under which the proxy was signed or a notarially certified copy of the power of attorney or other authority, must be delivered to Computershare Investor Services Inc. by mail or fax no later than forty eight (48) hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting, or any adjournment(s) or postponement(s) thereof.

REVOCATION OF PROXIES

A Shareholder who has given a proxy may revoke it at any time before the proxy is exercised:

- (a) by an instrument in writing that is:
 - (i) signed by the Shareholder, the Shareholder’s attorney authorized in writing or, where the Shareholder is a corporation, a duly authorized officer or attorney of the corporation; and

- (ii) delivered to Computershare Investor Services Inc. by mail, Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 or by fax: Within North America: 1-866-249-7775 Outside North America: 1-416-263-9524, no later than forty eight (48) hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting, or any adjournment(s) or postponement(s) thereof; or
- (b) in any other manner provided by law.

VOTING OF COMMON SHARES AND PROXIES AND EXERCISE OF DISCRETION BY PROXYHOLDERS

Voting By Show of Hands

Voting at the Meeting generally will be by a show of hands, with each Shareholder or proxyholder present in person being entitled to one vote.

Voting By Poll

Voting at the Meeting will be by poll only if a poll is:

- (a) requested by a Shareholder present at the Meeting in person or by proxy;
- (b) directed by the Chairperson; or
- (c) required by law.

On a poll, each Shareholder and each proxyholder will have one vote for each Common Share held or represented by proxy.

Approval of Resolutions

To approve a motion for an ordinary resolution, a simple majority of the votes cast in person or by proxy will be required; to approve a motion for a special resolution, a majority of not less than two-thirds of the votes cast in person or by proxy will be required. Unless otherwise stated, a simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein. If there are more nominees for election as directors or appointment of the Corporation's auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

Exercise of Discretion by Proxyholders

A Shareholder may indicate the manner in which the persons named in the accompanying form of proxy are to vote with respect to a matter to be acted upon at the Meeting by marking the appropriate space. **If the instructions as to voting indicated in the form of proxy are certain, the Common Shares represented by the form of proxy will be voted or withheld from voting in accordance with the instructions given in the form of proxy.**

If the Shareholder specifies a choice in the form of proxy with respect to a matter to be acted upon, then the Common Shares represented will be voted or withheld from the vote on that matter accordingly. If no choice is specified in the form of proxy with respect to a matter to be acted upon, the form of proxy confers discretionary authority with respect to that matter upon the proxyholder

named in the accompanying form of proxy. It is intended that the proxyholder named by management in the accompanying form of proxy will vote the Common Shares represented by the form of proxy in favour of each matter identified in the form of proxy and for the nominees of the Corporation's board of directors (the "Board") for directors and auditor.

The accompanying form of proxy also confers discretionary authority upon the named proxyholder with respect to amendments or variations to the matters identified in the accompanying Notice of Meeting and with respect to any other matters which may properly come before the Meeting. As of the date of this Information Circular, management of the Corporation is not aware of any such amendments or variations, or any other matters, that will be presented for action at the Meeting other than those referred to in the accompanying Notice of Meeting. If, however, other matters that are not now known to management properly come before the Meeting, then the persons named in the accompanying form of proxy intend to vote on them in accordance with their best judgment.

SOLICITATION OF PROXIES

It is expected that solicitations of proxies will be made primarily by mail and possibly supplemented by telephone or other personal contact by directors, officers and employees of the Corporation without special compensation. The Corporation may reimburse Shareholders' nominees or agents (including brokers holding Common Shares on behalf of clients) for the costs incurred in obtaining authorization to execute forms of proxy from their principals. The costs of solicitation will be borne by the Corporation.

VOTING BY NON-REGISTERED (BENEFICIAL) SHAREHOLDERS

The following information is of significant importance to Beneficial Shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited directly by registered Shareholders (those whose names appear on the records of the Corporation as the registered holders of Common Shares).

If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

If you are a Beneficial Shareholder:

You should carefully follow the instructions of your broker or intermediary in order to ensure that your Common Shares are voted at the Meeting.

The form of proxy or voting instruction form supplied to you by your broker will be similar to the proxy provided to registered Shareholders by the Corporation. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge") in the United States and

in Canada. Broadridge mails a voting instruction form in lieu of a proxy provided by the Corporation. The voting instruction form will name the same persons as the Corporation's proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a Shareholder of the Corporation), other than the persons designated in the voting instruction form, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the voting instruction form. The completed voting instruction form must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **If you receive a voting instruction form from Broadridge, you cannot use it to vote Common Shares directly at the Meeting - the voting instruction form must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have the Common Shares voted.**

Although as a Beneficial Shareholder you may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of your broker, you, or a person designated by you, may attend at the Meeting as proxyholder for your broker and vote your Common Shares in that capacity. If you wish to attend at the Meeting and indirectly vote your Common Shares as proxyholder for your broker, or have a person designated by you do so, you should enter your own name, or the name of the person you wish to designate, in the blank space on the voting instruction form provided to you and return the same to your broker in accordance with the instructions provided by such broker, well in advance of the Meeting. Alternatively, you can request in writing that your broker send you a legal proxy which would enable you, or a person designated by you, to attend the Meeting and vote your Common Shares.

These proxy-related materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the issuer or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

There are two kinds of beneficial owners – those who object to their name being made known to the issuers of securities which they own (called OBOs for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called NOBOs for Non-Objecting Beneficial Owners). The Corporation has decided to take advantage of those provisions of National Instrument 54-101 that permit it to directly deliver proxy-related materials to its NOBOs. By choosing to send these materials to you directly, the issuer (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions. As a result NOBOs can expect to receive a scannable Voting Instruction Form (“VIF”) from the Corporation's Transfer Agent, Computershare Investor Services Inc. (“Computershare”). These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone and internet voting as described on the VIF itself which contain complete instructions. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the Common Shares represented by the VIFs they receive.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Board has fixed April 15, 2016 as the record date (the “Record Date”) for determination of persons entitled to receive notice of the Meeting. Only Shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a form of proxy in

the manner and subject to the provisions described above will be entitled to vote or to have their Common Shares voted at the Meeting.

As of April 15, 2016 there were 80,501,458 Common Shares without par value issued and outstanding, each carrying the right to one vote. No group of Shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the Common Shares.

To the knowledge of the directors and executive officers of the Corporation, the only persons or corporations that beneficially owned, directly or indirectly, or exercised control or direction over, Common Shares carrying more than 10% of the voting rights attached to all outstanding Common Shares of the Corporation as at April 15, 2016 are:

Shareholder Name	Number of Common Shares Held ⁽¹⁾	Percentage of Issued Common Shares
Pala Investments Ltd.	40,289,141	50.05%

Notes:

⁽¹⁾ The above information was supplied to the Corporation by the above Shareholder and from the insider reports available at www.sedi.ca and www.sedar.com.

PRESENTATION OF FINANCIAL STATEMENTS

The audited consolidated financial statements of the Corporation for the year ended December 31, 2015, together with the report of the auditors thereon, will be placed before the Meeting. A copy of the Corporation's Annual Report may be obtained by a Shareholder upon request without charge from the Corporation at Suite 1238, 200 Granville Street, Vancouver, British Columbia, V6C 1S4. These documents are also available through the Internet on SEDAR, which can be accessed at www.sedar.com.

ELECTION OF DIRECTORS

The size of the Board is currently determined at nine (9). Shareholders will therefore be asked to approve an ordinary resolution that the number of directors to be elected be fixed at nine (9).

The term of office of each of the current directors will end at the conclusion of the Meeting. Unless the director's office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (British Columbia), each director elected at the Meeting will hold office until the conclusion of the next annual general meeting of the Corporation, or if no director is then elected, until a successor is elected.

The directors of the Corporation for the ensuing year will be elected at this Meeting.

Majority Voting Policy

On November 5, 2013, the Board adopted a majority voting policy in order to promote enhanced director accountability. The policy provides that voting in respect of each director nominee will be conducted on an individual nominee basis. The policy also provides that each director should be elected by the vote of a majority of the Common Shares, represented in person or by proxy, at any meeting for the election of directors. The Board will ensure that the number of Common Shares voted "for" or "withheld" for each director nominee is recorded and promptly made public after the meeting. If any nominee for election as director receives, from the Common Shares voted at the meeting in person or by proxy, a greater number of votes "withheld" than votes "for" his or her election, the director will promptly tender his or her resignation to the Board following the Meeting, to take effect upon acceptance by the Board. The

Nomination and Governance Committee will expeditiously consider the director's offer to resign and make a recommendation to the Board whether to accept that offer. Within 90 days of the Meeting, the Board will make a final decision concerning the acceptance of the director's resignation and announce that decision by way of a press release. Any director who tenders his or her resignation will not participate in the deliberations of the Board or any of its committees pertaining to the resignation.

This policy does not apply to a contested election of directors, that is, where the number of nominees exceeds the number of directors to be elected. If any director fails to tender his or her resignation as contemplated in the policy, the Board will not re-nominate that director in the future. Subject to any corporate law restrictions, where the Board accepts the offer of resignation of a director and that director resigns, the Board may exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the resultant vacancy unfilled until the next annual meeting of shareholders, fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the Shareholders, or call a special meeting of Shareholders to elect a new nominee to fill the vacant position.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

In this section, “Named Executive Officer” or “NEO” means:

- (a) the Corporation’s chief executive officer (“CEO”);
- (b) the Corporation’s chief financial officer (“CFO”);
- (c) each of the Corporation’s, including any of its subsidiaries’, three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000, as determined in accordance with subsection 1.3(6) of Form 51-102F6 Statement of Executive Compensation, for that financial year; and
- (d) each individual who would be a Named Executive Officer under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation or its subsidiaries, nor acting in a similar capacity, at the end of that financial year.

Mr. Giulio Bonifacio, President and CEO, Mr. Robert McKnight, CFO and Executive Vice President; and Mr. Timothy Arnold, Vice President Operations are the only “Named Executive Officers” of the Corporation during the financial year ended December 31, 2015 for the purposes of the following disclosure.

The Compensation Committee (the “Committee”) of the Board is composed of Mr. Victor Bradley, Mr. Stephen Gill, and Mr. Paul Matysek, all of whom are independent within the meaning of National Instrument 52-110 Audit Committee (“NI 52-110”) and have direct experience in dealing with compensation matters.

Mr. Bradley is a Chartered Accountant with over 50 years of experience in the mining industry, including 15 years with Cominco Ltd. and McIntyre Mines Ltd. in a wide variety of senior financial positions from Corporate Controller to Chief Financial Officer. Over the past 30 years Mr. Bradley has founded, financed and operated several mining and advanced stage exploration and development companies, including Yamana Gold Inc. and Aura Minerals Inc. Mr. Bradley served as Yamana's President & CEO and then Chairman of the Board and Lead Director until 2008. Mr. Bradley was Chairman of Osisko Mining Corp. from November 2006 to June 2014 and is currently a Director of Osisko Gold Royalties

Ltd. Mr. Bradley has significant experience in corporate acquisitions and has participated in numerous equity and project debt financings for projects around the world.

Mr. Gill holds an MBA from the IE Business School in Madrid. He also holds an MSc from the University of North Carolina and a BSc from the University of Wales. Mr. Gill has been at Pala since 2008, during which time he has been involved in many of Pala's principal investments covering a range of commodities, as well mining services and consumables sectors. Mr. Gill has also supported many of Pala's investee companies in defining and implementing strategic initiatives, including the expansion of Dumas Mining's business through a series of acquisitions, the turn-around of Asian Mineral Resources' Ban Phuc nickel project, and the evolution of Sierra Rutile's dry mining business model. Mr. Gill is also involved in the oversight of Pala's liquid portfolio. Prior to joining Pala, Mr. Gill was at AMEC Plc., an engineering consulting firm, where he advised on a range of natural resources transactions, including the initial public offering of the Kazakhstan state oil company and CITIC Resources' acquisition of the Karazhanbas oilfield. Mr. Gill also acted as an advisor across a range of private equity transactions, including investments in businesses spanning mining, metals processing, and mining consumables manufacturing industries.

Mr. Matysek has over 25 years of experience in the mining industry and is an experienced geochemist and geologist with a Bachelor of Science degree and a Master of Science degree in Geology. Mr. Matysek has held senior management and director positions with several natural resource exploration and development companies and has been providing consulting services as an independent contractor to both private and publicly traded companies since 1998.

The Board is of the view that the members of the Committee collectively have the knowledge, skills, experience and background to make decisions on the suitability of the Corporation's compensation policies and practices.

The function of the Committee generally is to assist the Board in carrying out its responsibilities relating to executive and director compensation. In this regard, the Committee makes recommendations to the Board with respect to the compensation (including salary, bonus and stock options) and benefits of the CEO and other executive officers of the Corporation; reviews and approves the terms of the employment agreements of the CEO and other executive officers of the Corporation and researches and identifies trends in employment benefits and compensation structures and reports its findings to the Board. The Committee also reviews periodically the compensation of the directors for service on the Board and Board committees and makes recommendations to the Board in respect of same.

The Board assumes responsibility for reviewing and monitoring the long-range compensation strategy for the executives of the Corporation, although the Committee guides it in this role.

The Board is responsible, in participation with management, for reviewing and identifying what are perceived to be the principal risks to the Corporation. These risks include, but are not limited to, those arising from the Corporation's compensation policies and practices, such as the risk that an executive officer or other employee is incentivized to take inappropriate or excessive risks, or that such policies and practices give rise to any other risks that are reasonably likely to have a material adverse effect on the Corporation. The Board undertakes this review with management on at least an annual basis, and ensures that the Committee adequately considers risks arising from the Corporation's compensation policies and practices when determining its recommendations to the Board regarding the compensation of executive officers. The Corporation uses the following practices to discourage or mitigate inappropriate or excessive risk-taking by directors and executive officers:

- the structure of incentive compensation is designed not to focus on a single metric, which in the Corporation's view could be distortive, but instead a combination of both corporate and personal objectives;
- the Corporation has an appropriate compensation mix, including fixed and performance based compensation with short and longer term performance conditions and multiple forms of compensation; and
- the Board has discretion in assessing the annual incentive awards paid to executive officers of the Corporation based on both individual and corporate performance.

No risks have been identified as arising from the Corporation's compensation policies and practices which are considered reasonably likely to have a material adverse effect on the Corporation.

In order to further mitigate the potential for NEOs and directors taking inappropriate or excessive risks relating to compensation, the Board has passed a resolution which prohibits directors and NEOs from purchasing financial instruments (including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds) that are designed to hedge or offset a decrease in market value of equity securities of the Corporation granted as compensation held, directly or indirectly, by a director or NEOs.

As at December 31, 2015, Messrs. Bonifacio, McKnight and Arnold worked on the Corporation's activities on a full-time basis.

Philosophy and Objectives

The compensation program for the executive officers of the Corporation is designed to ensure that the level and form of compensation achieves certain objectives, including:

- (a) attracting and retaining talented, qualified and effective executives;
- (b) motivating the short and long-term performance of these executives; and
- (c) better aligning the interests of the executive officers with those of the Shareholders.

In compensating its executive officers, the Corporation has employed a combination of base salary, bonus compensation and equity participation through its stock option plan.

Base Salary

In the Board's view, paying base salaries which are competitive in the markets in which the Corporation operates is a first step to attracting and retaining talented, qualified and effective executives. A number of the Corporation's directors serve on the boards of directors of similar sized companies in the resource sector. Determinations of salary are based on the Board's knowledge of salaries paid to executives of these similar sized companies and information gleaned from documents available publicly on SEDAR. As well, in 2010 and April 2012, the Corporation retained executive compensation specialist Lane Caputo Compensation Inc. ("Lane Caputo") to provide a review of compensation arrangements for its executives and Board. In 2013, Lane Caputo provided an update to their 2012 compensation report. The reports benchmarked the compensation competitiveness of the Corporation's executives against a peer group of mining companies at similar stages of development as the Corporation. The companies included in the comparison were Augusta Resource Corp., Copper Mountain Mining Corp., Rubicon Minerals Corp., and Western Copper Corp.

Executive Compensation Related Fees

The following table sets out the Executive Compensation Related Fees paid to Lane Caputo for services related to determining compensation of the Corporation's directors and executive officers during the last three recently completed financial years:

Fees Paid to Lane Caputo	
For the year ended December 31, 2015	Nil
For the year ended December 31, 2014	Nil

For the year ended June 30, 2013	Nil

Notes:

⁽¹⁾ The Corporation changed its financial year end from June 30 to December 31 effective December 31, 2013, resulting in a fiscal year of six months ending on December 31, 2013.

In addition to peer group data, compensation data from mining industry compensation surveys were used as a cross-check to the data from the peer group and to benchmark those positions that are not typically disclosed in the peer group's disclosure documents.

Bonus Incentive Compensation

The payment of bonus incentive compensation is reviewed by the Committee and recommendations are put forth to the Board for their review and discretion. Generally, the Board will consider the payment of executive bonus compensation dependent upon the performance of the individual executive, sufficient cash resources being available for the granting of bonuses and, where applicable, the executive meeting the strategic objectives and milestones established by the Committee and Board. Such key performance indicators include, but are not limited to, the following: the completion of Feasibility Studies, reserve or resource additions, construction and engineering milestones, budget achievement, identifying corporate development initiatives, improving corporate liquidity, and the Corporation's share price. No bonuses were paid for the year ended December 31, 2015. See "*Executive Compensation – Summary Compensation Table*".

Equity Participation

The Board believes that encouraging the Corporation's executives and employees to become Shareholders is the best way of aligning their interests with those of its Shareholders. Equity participation is accomplished through the Corporation's stock option plan. Stock options are granted to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary and bonuses and competitive factors. Senior management and the Committee put forth their recommendations for stock option grants to the Board. The amounts and terms of options granted are determined by the Board.

Actions, Decisions or Policies Made After December 31, 2015

Given the evolving nature of the Corporation's business, the Board continues to review and redesign the overall compensation plan for senior management so as to continue to address the objectives identified above.

There were no actions, decisions or policies made since December 31, 2015 that would affect a reader's understanding of NEO compensation for the Corporation's most recently completed financial year.

Performance Graph

The Common Shares of the Corporation were listed on the TSX Venture Exchange on August 17, 2006 under the Corporation's former name Astron Resources Corporation (symbol "ARC"). The Corporation changed its name to Nevada Copper Corp. (symbol "NCU") on November 3, 2006. On August 16, 2007, the Corporation's Common Shares were de-listed from the TSX Venture Exchange and concurrently listed for trading on the Toronto Stock Exchange ("TSX") under the symbol "NCU".

The following five year performance graph compares the total cumulative shareholder return for \$100 invested in Common Shares of the Corporation on June 30, 2010, with the cumulative total return of the S&P/TSX Small Cap Total Return Index for the period from June 30, 2010 to June 30, 2013, the six month financial year ended December 31, 2013 and the financial years ended December 31, 2014 and December 31, 2015. The Common Share performance as set out in the graph does not necessarily indicate future price performance.

The performance graph shows a general correlation between the performance of the Corporation's Common Shares and the performance of the S&P/TSX Small Cap Index for the years June, 2010 through December, 2015, however the stock performance of the Corporation significantly outperformed the S&P for June 2010 through June 2011. In January 2012, Mr. Bonifacio's compensation was increased in recognition of his efforts to present a completed feasibility study. Mr. Bonifacio and Mr. McKnight were paid bonuses in 2012 for the milestones achieved in the financial year ended June 30, 2011. For the year ended June 30, 2013, Mr. Bonifacio and Mr. McKnight were paid bonuses for milestones achieved in 2012. During the six month financial year ended December 31, 2013, Mr. Bonifacio and Mr. McKnight were granted bonuses for the achievement of project and corporate milestones. Such milestones were predetermined by the Committee. No salaries were increased and no bonuses were paid for the years ended December 31, 2014 and December 31, 2015.

Share-Based and Option-Based Awards

The Corporation has in place a cash-settled-only deferred share unit plan for non-executive directors. Executive officers do not participate in the deferred share unit plan (see “*Director Compensation - Outstanding Share-based Awards and Option-based Awards*” for further details).

The Corporation has in place a stock option plan which was established to provide incentive to qualified parties to increase their proprietary interest in the Corporation, thereby encouraging their continuing association with the Corporation. Management and the Committee propose stock option grants to the Board based on such criteria as performance, previous grants, and hiring incentives. All grants require approval of the Board. The stock option plan is administered by the directors of the Corporation and provides that options will be issued to directors, officers, employees or consultants of the Corporation or a subsidiary of the Corporation.

Outstanding Share-based Awards and Option-based Awards

The Board adopted a cash-settled-only deferred share unit plan on September 19, 2013, subsequently amended and replaced on March 25, 2014 (the "DSU Plan"), for the purpose of providing non-executive directors of the Corporation with the opportunity to participate in the long term success of the Corporation and to promote a greater alignment of interests between the directors of the Corporation and the Shareholders. The DSU Plan is administered by the Committee and provides that the Board may designate, from time to time at its sole discretion, the directors of the Corporation who are entitled to participate in the DSU Plan (the "Participants"). The deferred share units issued to a Participant under the DSU Plan (each, a "DSU") vest on the date of grant and are paid out in a lump sum cash payment to the Participant following termination of board service in an amount equal to the weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the payout date, which is 120 days after the Participant ceases to be a director of the Corporation. Whenever dividends are paid on the Common Shares, additional DSUs will be automatically granted in accordance with the DSU Plan to each Participant who holds DSUs on the record date for such dividend. The rights and interests of a Participant in respect of the DSU Plan are not transferable or assignable, other than by will or the laws of succession. In the case of an adjustment to the issued Common Shares, the Corporation will make an adjustment to the number of DSUs or the kind of securities that are subject to the issued DSUs. The Corporation no longer grants directors stock option awards.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLAN

Other than the DSU Plan, the only equity compensation plan which the Corporation has in place is the stock option plan (the "Plan") which was approved by Shareholders on December 16, 2013. The Plan has been established to provide incentive to qualified parties to increase their proprietary interest in the Corporation and thereby encourage their continuing association with the Corporation. The Plan is administered by the directors of the Corporation. As at the date of this Information Circular, the Plan provides the Corporation with the ability to grant stock options to purchase up to 8,050,146 Common Shares (10% of shares currently issued and outstanding). As at the date of this Information Circular, the Corporation has granted stock options to purchase a total of 7,390,000 Common Shares pursuant to the Plan representing 9% of the shares issued and outstanding. The following is a summary of the terms of the Plan:

1. Any director, officer, employee (whether part-time or full-time) or consultant of the Corporation or any of its subsidiaries (each being an "Eligible Person") is eligible to receive stock options under the Plan.
2. The number of shares available for purchase pursuant to stock options granted under the Plan will not exceed 10% of the number of Common Shares which are issued and outstanding (the "Outstanding Issue") on the particular date of grant.

3. In accordance with the Plan, the Board may, at any time, without further approval by the Shareholders of the Corporation, amend the Plan or any stock option granted hereunder in such respects as it may consider advisable and, without limiting the generality of the foregoing, it may do so to:
 - (a) amend typographical, clerical and grammatical errors;
 - (b) reflect changes to applicable securities laws;
 - (c) include the addition of a cashless exercise feature, payable in cash or securities;
 - (d) ensure that the stock options granted under the Plan will comply with any provisions respecting the income tax and other laws in force in any country or jurisdiction of which an Eligible Person to whom a stock option has been granted may from time to time be resident or a citizen;
 - (e) reduce the exercise price or extend the term of a stock option for an optionee who is not an insider;
 - (f) shorten the term of options;
 - (g) cancel options; and
 - (h) terminate the Plan.
4. The exercise price of each stock option shall be not less than the volume weighted average trading price of the Common Shares, calculated by dividing the total value by the total volume of Common Shares traded on the TSX for the five trading days immediately preceding the date of grant.
5. The stock options are non-assignable and may be exercised for a period not to exceed 5 years, such period and any vesting schedule to be determined by the Board. Current options granted prior to August 13, 2013 have a remaining term of more than five years.
6. Stock options held by an optionee that ceases to be an Eligible Person for any reason other than death, will cease to be exercisable at 4:30 p.m. (Vancouver time) on or before the earlier of the expiry date of the stock options and the termination date of such optionee. If any portion of a stock option is not vested by such date, that portion of the stock option may not be exercised by the optionee.
7. If an optionee dies while an Eligible Person, the personal representative of the optionee may exercise the optionee's stock options on or before the earlier of the expiry date or twelve months after the date of the optionee's death, but only to the extent the stock options were by their terms exercisable on the date of death.
8. The number of Common Shares subject to stock options granted to any one optionee shall be determined by the Board subject to: (a) the number of Common Shares issuable to insiders of the Corporation, at any time, under all share compensation arrangements, not exceeding 10% of the Outstanding Issue; and (b) the aggregate number of Common Shares issued to insiders of the Corporation, pursuant to the exercise of stock options granted under the Plan and all other share compensation arrangements, in any 12 month period, not exceeding 10% of the Outstanding Issue.
9. The Plan contains adjustment provisions in the event of the subdivision or consolidation of the shares of the Corporation, or in the event that the Corporation is re-organized, amalgamated or merged with or consolidated into another corporation or in the event there is a change in control of the Corporation.

10. In the event of a takeover bid for the Corporation, including a corporate combination, the Plan provides, inter alia, that notwithstanding any vesting restriction that would otherwise apply, all outstanding stock options may be exercised in whole or in part by the optionee so as to permit the optionee to tender the shares received upon such exercise pursuant to the takeover bid.
11. There is no financial assistance available to optionees under the Plan.
12. The expiry date of outstanding stock options held by optionees which may expire during a restricted trading period imposed by the Corporation in accordance with applicable securities laws (a “Blackout Period”), will be extended for a period of 10 business days commencing on the first business day after the expiry date of the Blackout Period to provide such optionees with an extension to the right to exercise such stock options.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as disclosed below or elsewhere in this Information Circular, since the commencement of the Corporation’s financial year ended December 31, 2015, no informed person (including a director, officer or holder of 10% or more of the Common Shares) of the Corporation, any proposed director of the Corporation or any associate or affiliate of any informed person or proposed director, had any material interest, direct or indirect in any transaction or in any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries.

On August 26, 2014, the Corporation entered into a US\$20 million subordinated bridge loan facility (“Pala Loan Facility”) with Pala Investments Limited. The initial term of the facility was four months, with up to two additional two month extensions. Following certain amendments to the Pala Loan Facility, the maturity date of the Pala Loan Facility is currently June 30, 2016. Currently US\$20 million has been drawn against the Pala Loan Facility. The annual interest rate is 10%, and a 2.7% arrangement fee was payable during the initial term. The Pala Loan Facility is secured against the Corporation’s assets, but is subordinate to the security granted in connection with the US\$200 million senior secured loan facility announced by the Corporation on December 30, 2014.

On April 21, 2016 the Corporation and Pala entered into an amended and restated loan agreement in respect of the Pala Loan Facility, which amendment is subject to the fulfillment or waiver of a number of conditions precedent, including receipt of shareholder approval. For more information, see “*Particulars of Matters to be Acted Upon - Approval of Convertible Loan Facility*”.

APPOINTMENT OF AUDITORS

Smythe LLP, Chartered Professional Accountants (“Smythe”), will be nominated at the Meeting for appointment as auditor of the Corporation at a remuneration to be fixed by the directors in place of KPMG LLP (“KPMG”). The Board resolved on November 23, 2015 that KPMG not be proposed for reappointment as the auditor of the Corporation at the Meeting.

There have been no reportable disagreements between the Corporation and KPMG and no qualified opinions or denials of opinions by KPMG for the purposes of National Instrument 51-102. A copy of the Corporation’s Change of Auditor Reporting Package with respect to the termination of KPMG and proposed appointment of Smythe as auditor of the Corporation (including the Notice of Change of Auditor, a letter from KPMG and a letter from Smythe) is attached as Appendix “A” to this Information Circular.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

Information concerning the Corporation’s Audit Committee is set out under the heading “Audit Committee Information” in the Corporation’s Annual Information Form (“AIF”) dated March 22, 2016. The AIF may be obtained from SEDAR under the Corporation’s name at www.sedar.com.

CORPORATE GOVERNANCE

General

Effective June 30, 2005, National Instrument 58-101 Disclosure of Corporate Governance Practices (“NI 58-101”) and National Policy 58-201 Corporate Governance Guidelines (“NP 58-201”) were adopted in each of the provinces and territories of Canada. NI 58-101 requires issuers to disclose the corporate governance practices that they have adopted. NP 58-201 provides guidance on corporate governance practices.

The Board believes that good corporate governance improves corporate performance and benefits all Shareholders. The Canadian Securities Administrators (the “CSA”) have adopted NP 58-201, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Corporation. In addition, the CSA have implemented NI 58-101, which prescribes certain disclosure

required by the Corporation of its corporate governance practices. This section sets out the Corporation's approach to corporate governance and addresses the Corporation's compliance with NI 58-101.

Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Corporation. A "material relationship" is a relationship which could, in the view of the Corporation's Board, be reasonably expected to interfere with the exercise of a director's independent judgment.

The Board currently consists of nine directors: James Askew, Giulio Bonifacio, Victor Bradley, Michael Brown, Daniel Dumas, Stephen Gill, Joseph Giuffre, Evgenij Iorich and Paul Matysek. The independent members of the Board are Messrs. Askew, Bradley, Brown, Dumas, Gill, Giuffre, Iorich and Matysek. Mr. Bonifacio is an officer of the Corporation and is therefore considered to be a non-independent director. Messrs. Mycatyn and Genovese, the two new director nominees named in this Information Circular, would be independent directors upon their election.

Victor Bradley is the independent Non-Executive Chairman of the Board. The independent directors meet without non-independent directors and members of management on an ad hoc basis as necessary to fulfil their duties as independent directors or to assess transactions in which non-independent members or members of management may have an interest. The independent directors hold in camera sessions at each Board meeting.

Certain directors are presently a director of one or more other reporting issuers, as follows:

Board Mandate

The Board manages and supervises the management of the affairs and business of the Corporation pursuant to the powers vested by the *Business Corporations Act* (British Columbia), the Articles of the Corporation and all other statutory and legal requirements generally applicable to the directors of a business corporation that is also a "reporting issuer" under applicable securities legislation. Management is responsible for the day-to-day operation of the business and affairs of the Corporation. The responsibilities of the directors are as follows:

- (a) Oversee Management of the Corporation. The principal responsibilities of the directors are to oversee the management of the Corporation and, in so doing, serve the best interests of the Corporation on behalf of its Shareholders. These responsibilities require that the directors attend to the following:
 - review and approve on a regular basis, and as the need arises, fundamental operating, financial, and other strategic corporate plans which take into account, among other things, the opportunities and risks of the business;
 - evaluate the performance of the Corporation, including the appropriate use of corporate resources;
 - evaluate the performance of, and oversee the progress and development of, senior management and take appropriate action, such as promotion, change in responsibility and termination;
 - implement senior management succession plans;
 - evaluate the Corporation's compensation programs;
 - establish a corporate environment that promotes timely and effective disclosure (including appropriate controls, procedures and incentives), fiscal accountability, high ethical standards and compliance with applicable laws and industry and community standards;
 - evaluate the Corporation's systems to identify and manage the risks faced by the Corporation;
 - review and decide upon material transactions and commitments;

- develop a corporate governance structure that allows and encourages the Board to fulfil its responsibilities;
 - provide assistance to the Corporation’s senior management, including guidance on those matters that require Board involvement; and
 - evaluate the overall effectiveness of the Board and its committees.
- (b) Exercise Business Judgment. In discharging their fiduciary duties of care, loyalty and candour, directors are expected to exercise their business judgment to act in what they reasonably and honestly believe to be the best interests of the Corporation and its Shareholders free from personal interests. In discharging their duties, when appropriate, the directors normally are entitled to rely on the Corporation’s senior executives and its outside advisors, auditors and legal counsel but also should consider second opinions where circumstances warrant.
- (c) Understand the Corporation and its Business. Directors are expected to become and remain informed about the Corporation and its business, properties, risks and prospects.
- (d) Establish Effective Systems. Directors are responsible for determining that effective systems are in place for the periodic and timely reporting to the Board on important matters concerning the Corporation. Directors should also provide for periodic reviews of the integrity of the Corporation’s internal controls and management information systems.
- (e) Protect Confidentiality and Proprietary Information. Directors are responsible for establishing policies that are intended to protect the Corporation’s confidential and proprietary information from unauthorized or inappropriate disclosure. Likewise, all discussions and proceedings of the Board must be treated as strictly confidential and privileged to preserve open discussions between directors and to protect the confidentiality of Board discussions.
- (f) Board, Committee and Shareholder Meetings. Directors are responsible for attending Board meetings and meetings of committees on which they serve. They must devote the time needed, and meet as frequently as necessary, to properly discharge their responsibilities.

Position Descriptions

The Board has not developed a written position for either the Non-Executive Chairman or CEO of the Corporation. The Board believes that the roles and responsibilities have been appropriately communicated through Board meetings and informal communications amongst the Board and management.

Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Corporation’s properties, business, technology and industry and on the responsibilities of directors. Board meetings may also include presentations by the Corporation’s management and employees to give the directors additional insight into the Corporation’s business.

To enable each director to better perform his or her duties and to recognize and deal appropriately with issues that arise, the Corporation provides the directors with suggestions to undertake continuing director education, the cost of which is borne by the Corporation.

Ethical Business Conduct

The Board has adopted a Code of Business Conduct and Ethics (the “Code”) for its directors, officers and employees. The Nominating and Corporate Governance Committee has the responsibility for monitoring

compliance with the Code by ensuring all directors, officers and employees receive and become thoroughly familiar with the Code and acknowledge their support and understanding of the Code. Any non-compliance with the Code is to be reported to Mr. Joseph Giuffre, the Chairman of the Nomination and Governance Committee. A copy of the Code may be accessed under the Corporation's profile at www.sedar.com or on the Corporation's website at www.nevadacopper.com.

The Board ensures that directors, officers and employees are familiar with the Code to ensure that they exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest. To encourage and promote a culture of ethical business conduct, the Board has adopted a Whistleblower Policy. This policy is also available on the Corporation's website at www.nevadacopper.com.

In accordance with the requirements of the *Business Corporations Act* (British Columbia), directors and officers are required to declare any material interest they may have in any transaction or agreement with the Corporation, and, if a director, to abstain from voting on any director approval of the transaction. The Board has established a Nomination and Governance Committee, whose responsibilities include considering questions of independence and making recommendations to the Board with respect to director independence and conflicts of interest. Where appropriate, the Board will form a committee of the independent directors to consider transactions in which executive officers have an interest, or will be affected differently than other Shareholders.

Nomination of Directors

The Board has a Nomination and Governance Committee consisting of three directors, all of whom are independent directors. The Nomination and Governance Committee is responsible for (i) identifying individuals qualified to become Board members, consistent with criteria approved by the Board, (ii) recommending to the Board the persons to be nominated for election as directors at any meeting of Shareholders and (iii) recommending to the Board persons to be elected by the Board to fill any vacancies on the Board. The Nomination and Governance Committee recommendations will be considered by the Board but the recommendations are not binding upon it.

Compensation

The Board has a Compensation Committee as described under the heading "Compensation of Executive Officers – Compensation Discussion and Analysis" in this Information Circular. The Compensation Committee conducts annual reviews of the compensation of the Corporation's CEO, senior officers and directors and makes recommendations to the Board.

Other Board Committees

Along with the aforementioned Audit Committee, Nomination and Governance Committee and Compensation Committee, the Board also has a Health, Safety, Environment and Technical Committee. The Health, Safety, Environment and Technical Committee consists of three Board members and is responsible for assisting the Board in fulfilling its responsibilities and to review and approve of environmental policies and monitor activities of the Corporation as they relate to environmental matters, review and monitor the activities of the Corporation as they relate to the health and safety of employees of the Corporation in the workplace, and oversight of technical and operational matters.

Assessments

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees. The Board does not consider that formal assessments would be useful at this stage of the Corporation's development. The Board conducts informal assessments of the Board's effectiveness, the individual directors and the Audit Committee. As part of the assessments, the Board or the Audit Committee may review its mandate and conduct reviews of applicable corporate policies.

Board Retirement Policy and Renewal

The Corporation does not have any term limits, retirement policies or similar mechanisms in place for forcing the renewal or replacement of its Directors. Each Director serves for a one year term and stands for re-election by Shareholders at the Corporation's annual general meeting each year. The Board does not have a limit on the number of consecutive terms for which a Director may sit. The Board believes that Board renewal can happen naturally without imposing arbitrary age or term limits. In addition, the Board believes that effective corporate decision-making is enhanced through the continuity, experience and knowledge that come from permitting longer-term service on a Board.

Policies Regarding the Representation of Women on the Board

The Corporation has not adopted a written policy relating to the identification and nomination of women directors. The Corporation is an equal opportunity employer and believes that supporting a diverse workplace is a business essential that helps the Corporation and its Board attract and retain the brightest and most talented individuals in the industry. The Corporation believes that this diversity philosophy is well entrenched and accepted by all of its employees, including its Board, executive officers and employees generally. The Corporation does not believe that a written policy is necessary to further advance the Corporation's commitment to a diverse workplace.

Consideration of the Representation of Women in the Director Identification and Selection Process

The Board supports the principle of boardroom diversity. The Nomination and Governance Committee considers diversity (including, among other important qualifications, gender, age, geography and nationality) when reviewing qualified candidates for recommendation for election to the Board. The Board's aim is to have a broad range of approaches, backgrounds, skills and experience represented on the Board and to make appointments on merit and against objective criteria, including diversity. When the Nomination and Governance Committee engages in the nomination process, searches for potential nominees are conducted so as to put forward a diverse range of candidates, including women candidates.

Consideration Given to the Representation of Women in Executive Officer Appointments

When identifying candidates for executive officer positions, the Corporation takes a similar approach, considering, among other factors, professional competencies, industry or other relevant experience, education, leadership style and experience, merit and personal attributes, including gender diversity, to build a strong executive team.

Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Board has not set specific targets as to the number of women board members, nor has the Board set specific targets as to the number of executive officers who are women. The Board does not believe that quotas or strict rules necessarily result in the identification or selection of the best candidates; rather,

selection is based on merit, having regard to the various skills, abilities, qualifications and competencies needed for the particular position, of which diversity is one of several important factors that are considered.

Number of Women on the Board and in Executive Officer Positions

As of the date of this Information Circular, 0% (0 out of 9) of the Corporation's Director nominees are women, and 0% (0 out of 3) of the Corporation's executive team are women.

MANAGEMENT CONTRACTS

There are no management functions of the Corporation which are to any substantial degree performed by a person or Corporation other than the directors or senior officers of the Corporation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere in this Information Circular and other than transactions carried out in the ordinary course of business of the Corporation or any of its subsidiaries, none of the directors or senior officers of the Corporation, no management nominee for election as a director of the Corporation, none of the persons who have been directors or executive officers of the Corporation since the commencement of the Corporation's last completed financial year and no associate or affiliate of any of the foregoing has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

PARTICULARS OF MATTERS TO BE ACTED UPON

APPROVAL OF CONVERTIBLE LOAN FACILITY

Terms of the Pala Convertible Facility

Pala Investments Limited ("Pala") holds approximately 50.05% of the outstanding Common Shares, and is lender to the Corporation pursuant to the Pala Loan Facility, under which there was approximately US\$21.7 million of principal and interest outstanding as of April 1, 2016.

On April 4, 2016, the Corporation and Pala executed a term sheet (the "Term Sheet") pursuant to which, subject to the fulfillment of certain conditions, Pala will advance a further US\$5 million to the Corporation (the "Pala Advance"), and the Pala Advance and the amount outstanding under the Pala Loan Facility will be made subject to a new credit facility (the "Pala Convertible Facility"). On April 21, 2016 (the "Agreement Date"), the Corporation and Pala executed definitive documentation in respect of the Pala Convertible Facility with the following terms and conditions:

- (a) the Pala Convertible Facility will have a maturity date of the earlier of (i) December 31, 2017, (ii) the date when the Corporation's senior secured loan facility (the "Red Kite Loan Facility") with an affiliate of Red Kite Mine Finance ("Red Kite") is repaid in full, and (iii) any change of control of the Corporation or its affiliates;
- (b) the Pala Convertible Facility will accrue interest at a rate of 12% per annum, to be paid on maturity;
- (c) any amounts outstanding under the Pala Convertible Facility may be voluntarily prepaid by the Corporation, subject to a prepayment fee (the "Prepayment Fee") equal to 25% of the

- prepayment if the prepayment occurs prior to December 31, 2016 and 35% of the prepayment if the prepayment occurs between January 1, 2017 and December 31, 2017;
- (d) the Prepayment Fee will be applicable on any repayment of the Pala Convertible Facility before December 31, 2017;
 - (e) principal and interest under the Pala Convertible Facility, and, if applicable, the Prepayment Fee, will be convertible into Common Shares at a conversion price (the “Conversion Price”) equal to the lesser of (i) C\$1.11 (representing a 15% premium to the 20-day volume weighted average price (“VWAP”) of the Common Shares on the date immediately prior to the Agreement Date) and (ii) 115% of the offering price (the “Offering Price”) of the Corporation’s short form prospectus offering (the “Equity Offering”) of subscription receipts pursuant to an amended and restated preliminary short form prospectus dated April 22, 2016 (the “Preliminary Prospectus”);
 - (f) the Corporation will pay Pala an arrangement fee equal to US\$200,000 plus any expenses of Pala incurred in connection with the Pala Convertible Facility, which will be deducted from the Pala Advance;
 - (g) as additional consideration for Pala providing the Pala Advance, the Corporation will issue Pala common share purchase warrants (the “Pala Warrants”) exercisable for a period of three years after issuance to acquire up to 2,500,000 Common Shares at an exercise price of C\$1.20 per Common Share, representing a 25% premium to the 20-day VWAP of the Common Shares on the date immediately prior to the Agreement Date;
 - (h) the Corporation will be required to maintain a minimum working capital balance of US\$2 million;
 - (i) Pala will be granted rights to nominate up to three members of the Board of Directors of the Corporation, subject to Pala maintaining certain share ownership thresholds; and
 - (j) Pala will be granted the right, so long as it holds at least 15% of the outstanding Common Shares, to participate in future equity offerings of the Corporation.

The conversion right under the Pala Convertible Facility and the Pala Warrants are both subject to customary anti-dilution provisions that are in compliance with the requirements of the TSX.

The Pala Convertible Facility, and the advance of the Pala Advance thereunder, is subject to the fulfillment of a number of conditions precedent, including receipt of shareholder approval, receipt of TSX approval, and the completion of the Equity Offering such that the combined net proceeds of the Equity Offering and the Pala Advance total at least US\$10 million.

Interim Financing Requirement

Pursuant to the terms of the Red Kite Loan Facility, the Corporation is required to complete interim financing transactions consisting of the issuance of subordinated debt or equity securities to raise aggregate net proceeds of US\$10 million before May 31, 2016 (the “Interim Financing Requirement”). If the Corporation fails to meet the Interim Financing Requirement, the Corporation will be in breach of the Red Kite Loan Facility, and Red Kite will be entitled to enforce its security interest thereunder.

On April 22, 2016, the Corporation filed the Preliminary Prospectus in respect of the Equity Offering, pursuant to which the Corporation intends to issue subscription receipts (the “Subscription Receipts”) for minimum aggregate net proceeds that, when combined with the net proceeds of the Pala Advance, will total US\$10 million. Provided certain escrow release conditions as set out in the Preliminary Prospectus are fulfilled, on the receipt of shareholder approval of the Pala Convertible Facility (if the net proceeds of the Equity Offering are over US\$10 million), or upon receipt by the Corporation of the Pala Advance (if the net proceeds of the Equity Offering and the Pala Advance total at least US\$10 million), the Subscription Receipts will automatically convert into units of the Corporation, each consisting of a share and one half of one common share purchase warrant (each whole warrant an “Offering Warrant”), and the net proceeds of the Equity Offering will be released to the Corporation. It is anticipated that the receipt of the proceeds of the Equity Offering and the Pala Advance will satisfy the Interim Financing Requirement, and following such receipt, the Corporation will be in compliance with the terms of the Red Kite Loan Facility.

Effect on Pala Share Position

Pala currently holds 40,289,141 Common Shares, representing approximately 50.05% of the 80,501,458 currently-outstanding Common Shares.

Assuming an exchange rate of C\$1.271 for each US\$1.00 (the noon rate as of the Agreement Date, as published by the Bank of Canada) and a Conversion Price of C\$1.11, the US\$21,835,035 principal and accrued interest outstanding under the Pala Convertible Facility as at the Agreement Date plus the US\$5,000,000 Pala Advance (collectively, the “Aggregate Principal Amount”), would be convertible by Pala into 30,727,324 Common Shares, representing 38.17% of the Common Shares currently outstanding as of the date of this Information Circular. Additionally:

- (a) if interest accrues on the Aggregate Principal Amount until December 31, 2017, and the Pala Convertible Facility (including the advancement of the Pala Advance) becomes effective on May 31, 2016, such accrued interest would total US\$5,885,322 and be convertible into an additional 6,738,960 Common Shares; and
- (b) if the Prepayment Fee is applicable in respect of the Aggregate Principal Amount (excluding, for the purposes of this calculation, any additional accrued interest after the Agreement Date), and if this Prepayment Fee is satisfied by the issuance of shares and not in cash, an additional 7,681,831 Common Shares (equal to 9.54% of the number of currently outstanding Common Shares) would be issuable on the conversion of the Prepayment Fee if the Prepayment Fee were incurred in 2016 (or, assuming instead a Conversion Price of C\$0.89 and an exchange rate of US\$1.00 to C\$1.525, 11,495,345 Common Shares, equal to 14.28% of the number of currently outstanding Common Shares), and an additional 10,754,563 Common Shares (equal to 13.36% of the number of currently outstanding Common Shares) would be issuable on the conversion of the Prepayment Fee if the Prepayment Fee were incurred in 2017 (or, assuming instead a Conversion Price of C\$0.89 and an exchange rate of US\$1.00 to C\$1.525, 16,093,483 Common Shares, equal to 19.99% of the number of currently outstanding Common Shares). Voluntary payments by Nevada Copper, or other convertible debt repayments made prior to December 31, 2017, require payment of the Prepayment Fee.

In the event that the Offering Price in the Equity Offering is less than C\$0.97, the Conversion Price will be reduced to an amount equal to 115% of the Offering Price. In the event that the Conversion Price were to be reduced to C\$0.89 by the foregoing adjustment mechanism, representing a 20% decrease, the Aggregate Principal Amount would be convertible into 38,322,842 Common Shares, representing an increase of 7,595,518 Common Shares.

Because the Pala Convertible Facility is denominated in U.S. dollars and the Conversion Price is denominated in Canadian dollars, changes in the U.S. dollar to Canadian dollar exchange rate will affect the number of Common Shares issuable upon the conversion of amounts outstanding under the Pala Convertible Facility. If the U.S. dollar on the date of conversion equals C\$1.525 (representing a 20% increase in the value of the U.S. dollar from the noon rate of exchange on the Agreement Date), the Aggregate Principal Amount would be convertible into 36,872,789 Common Shares, representing an increase of 6,145,465 Common Shares. If the U.S. dollar on the date of conversion equals C\$1.017 (representing a 20% decrease in the value of the U.S. dollar from the noon rate of exchange on the Agreement Date), the Aggregate Principal Amount would be convertible into 24,581,859 Common Shares, representing a decrease of 6,145,465 Common Shares.

Additionally, up to 2,500,000 Common Shares are issuable to Pala upon the exercise of the Pala Warrants.

Assuming that: (i) the full amount of principal and interest under the Pala Convertible Facility is converted into Common Shares on December 31, 2017; (ii) the Pala Convertible Facility (including the advancement of the Pala Advance) becomes effective on May 31, 2016; (iii) Pala exercises all of the Pala Warrants, and (iv) the Corporation issues no other Common Shares other than in connection with the Pala Convertible Facility and the Equity Offering, the following table sets out the number of shares issuable to Pala in connection with the Pala Convertible Facility (including Common Shares issuable on the exercise of the Pala Warrants), the foregoing number of shares expressed as a percentage of currently outstanding Common Shares, and the percentage of outstanding Common Shares that would be held by Pala on a post-issuance basis, inclusive of Common Shares issued in connection with the Equity Offering in various circumstances:

	Conversion Price = C\$1.11 US\$1.00 = C\$1.271	Conversion Price = C\$0.89 US\$1.00 = C\$1.271	Conversion Price = C\$1.11 US\$1.00 = C\$1.525	Conversion Price = C\$0.89 US\$1.00 = C\$1.525	Conversion Price = C\$1.11 US\$1.00 = C\$1.017
Common Shares issuable to Pala in connection with the Pala Convertible Facility	39,966,283	49,227,611	47,453,644	58,656,780	32,478,922
Common Shares issuable to Pala in connection with the Pala Convertible Facility as a percentage of currently outstanding Common Shares	49.65% ¹	61.15% ¹	58.95% ¹	72.75% ¹	40.35% ¹
Percentage of all Common Shares held by Pala post-issuance	62.85% ²	64.48% ³	64.91% ²	66.72% ³	60.54% ²

¹ Excludes any Common Shares issued in connection with the Equity Offering and any Common Shares issuable in connection with the Prepayment Fee.

Board Approval

The Term Sheet in respect of the Pala Convertible Facility was initially considered by an independent special committee of the Board, consisting of Victor Bradley, Joseph Giuffre and Paul Matysek, all of whom are independent of Pala. The Special Committee recommended that the Board approve the Pala Convertible Facility. The Board subsequently approved the Pala Convertible Facility, and the definitive transaction documents related thereto, by a unanimous consent resolution, with Michael Brown, Stephen Gill, Evgenij Iorich and Daniel Dumas abstaining after declaring pursuant to applicable corporate laws

that they have an interest in the Pala Convertible Facility by virtue of the fact that they are employed by and/or hold interests in affiliates of Pala.

Shareholder Approval Requirement

Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“MI 61-101”) is intended to regulate certain transactions to ensure equality of treatment among securityholders, generally requiring enhanced disclosure, approval by a majority of securityholders excluding interested or related parties, and in certain circumstances independent valuations, in respect of such transaction. MI 61-101 provides that, where an issuer proposes to enter into a “related party transaction” with a “related party” (each as defined in MI 61-101) of the issuer, in addition to any other required securityholder approval, the issuer must not complete the related party transaction unless the issuer has obtained the approval of a simple majority of the votes cast by “minority” shareholders of each class of affected securities, voting separately as a class, unless an exemption from such minority securityholder approval is available pursuant to the terms of MI 61-101. “Minority” shareholders means any shareholders other than the issuer itself, any interested party in respect of the related party transaction, and any related party of an interested party, and any joint actor with such interested party or related party.

In the case of the Pala Convertible Facility, the Corporation has determined that Pala is an “interested party” by virtue of the fact that it holds 40,289,141 Common Shares, representing 50.05% of all outstanding Common Shares, and it is the lender pursuant to the Pala Convertible Facility. As a result, votes attached to Common Shares which Pala beneficially owns, or over which Pala exercises control or direction, will be excluded in determining whether minority approval of the Pala Convertible Facility has been obtained.

The potential formal valuation requirements under MI 61-101 do not apply to the Pala Convertible Facility, as the Pala Convertible Facility represents the amendment of the terms of an outstanding debt owed by the Corporation to Pala, and the borrowing of further funds by the Corporation from Pala, neither of which are subject to valuation requirements under MI 61-101. Because the Pala Warrants are being issued as partial consideration for the Pala Advance, the issuance of the Pala Warrants constitutes the issuance of securities for cash, and is therefore exempt from the valuation requirement under MI 61-101. Neither the Corporation, nor, to the knowledge of the Corporation after reasonable inquiry, Pala, has knowledge of any material information concerning the Corporation or its securities that has not been generally disclosed.

In connection with the Pala Convertible Facility, Giulio Bonifacio, the President, Chief Executive Officer and a director of the Corporation, who beneficially owns or directly or indirectly controls an aggregate of 5,850,000 Common Shares, has entered into a voting and support agreement with the Corporation and Pala, pursuant to which he has agreed to vote his Common Shares in favour of the approval of the Pala Convertible Facility.

The fulfillment of the minority shareholder approval requirement under MI 61-101 will also fulfill minority shareholder approval requirements pursuant to the policies of the TSX arising because (i) the exercise of the conversion right under the Pala Convertible Facility may result in the issuance of greater than 25% of the number of Common Shares that are currently outstanding, (ii) the exercise of the conversion right under the Pala Convertible Facility may result in the issuance of more than 10% of the number of currently outstanding Common Shares to Pala, an insider of the Corporation, and (iii) the interest accruing on the Pala Convertible Facility and the Prepayment Fee will be convertible into Common Shares at the Conversion Price, which may constitute a discount to the then-prevailing market price in excess of the amount permitted pursuant to TSX policies unless shareholder approval is obtained.

Accordingly, management of the Corporation would like the minority shareholders of the Corporation to approve the Pala Convertible Facility by approving the following ordinary resolution:

“BE IT RESOLVED, AS AN ORDINARY RESOLUTION, THAT:

1. the Pala Convertible Facility, as described in the Information Circular in respect of the Meeting, is hereby authorized and approved;
2. the issuance of Common Shares upon the conversion of the Pala Convertible Facility, on the terms set out in the Information Circular in respect of the Meeting, is hereby authorized and approved;
3. the issuance of the Pala Warrants, and the issue of Common Shares upon the exercise thereof, is hereby authorized and approved;
4. notwithstanding that this resolution has been passed (and the Pala Convertible Facility has been approved) by the shareholders of the Corporation, the directors of the Corporation are hereby authorized and empowered, without further notice to, or approval of, the shareholders of the Corporation to amend the terms of the Pala Convertible Facility or not proceed with the Pala Convertible Facility; and
5. any director or officer of the Corporation is hereby authorized and directed, acting for, in the name of and on behalf of the Corporation, to execute or cause to be executed, under the seal of the Corporation or otherwise, and to deliver or cause to be delivered, such other documents and instruments, and to do or cause to be done all such other acts and things, as may in the opinion of such director or officer of the Corporation be necessary or desirable to carry out the intent of the foregoing resolution.”
